

**NOTICE OF PUBLIC MEETING AS PART OF AN ENVIRONMENTAL AUTHORISATION PROCESS FOR
THE AMENDMENT OF THE EMP FOR THE SASOL MINING (PTY) LTD. IMPUMELELO MINE
(DMR reference number: MP30/5/1/2/3/2/1(138)EM)**

In terms of the requirements of the Mineral and Petroleum Resource Development Act, 2002 (Act 28 of 2002) (MPRDA) as well as the regulations and guidelines under these acts, all Interested and Affected Parties (I&APs) are encouraged and allowed the opportunity to participate in environmental governance.

Sasol Mining (Pty) Ltd's Impumelelo Mine is a new mining operation in the process of construction situated in close proximity to Secunda in the Mpumalanga Province. Impumelelo Mine is situated 45 km to the south-west of Secunda; 20 km east of Greylingstad and 60 km north-west of Standerton in the Mpumalanga Highveld. The Impumelelo Mine therefore also falls within the jurisdiction of the Gert Sibande District Municipality and the Dipaleseng, Lekwa and Govan Mbeki Local Municipalities respectively.

Sasol Mining (Pty) Ltd. is the holder to Prospecting Rights on portions of the Farm Mahemsfontein 544 IR. Sasol Mining (Pty) Ltd. plans on including the farm Mahemsfontein 544 IR into the Mining Rights area of the Impumelelo Mine. The inclusion of the farm Mahemsfontein 544 IR into the Mining Rights area of the Impumelelo Mine requires Environmental Authorisation in terms of the MPRDA (2002), by amending the existing approved Environmental Management Programme, for submission to the Department of Mineral Resources.
